

# U27W

## Platform Barcode Reader

### PRODUCT SPECIFICATIONS

|                    |                                                           |
|--------------------|-----------------------------------------------------------|
| Model              | HBA-U27W                                                  |
| Scan Tpye          | Image CMOS                                                |
| Precision          | ≥ 4mil                                                    |
| Optical Resolution | 640*480                                                   |
| Decode Capability  | 1D/2D/Standard code                                       |
| Color              | black                                                     |
| Packing list       | scanner × 1, User's guide × 1, cable × 1; 2.4g dongle x 1 |
| Packaging          | neutral carton packing.                                   |
|                    |                                                           |
|                    |                                                           |
|                    |                                                           |
|                    |                                                           |

### KEY FEATURES

#### High-Speed Scanning

fast barcode recognition  
for efficient checkout and service.

#### Wide Scan Area

large scanning window  
for quick and easy barcode capture.

#### Hands-Free Operation

desktop scanning design  
for convenient daily use.

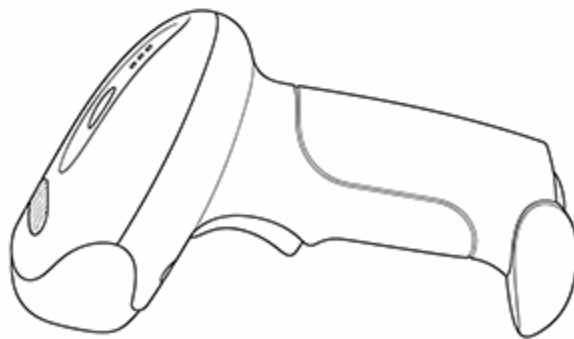

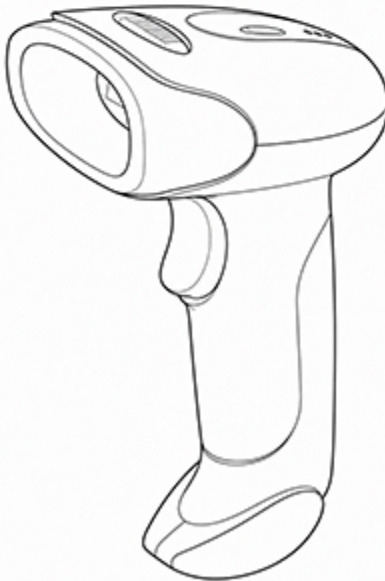

#### Stable & Reliable

consistent scanning performance,  
built for long-term daily use.
